

## 2020 Task Order Awards FY10

---

Category	Description	Start Date
Systems Engineering	Detailed Implementation Plan Development & Portfolio Management Support	9/30/2010
Systems Engineering	ATO-W CM Automation Program Planning & Requirements	9/30/2010
Systems Engineering	Acquisition Career Management Support	9/29/2010
Systems Engineering	Airspace Business and Financial Management Support	9/29/2010
Systems Engineering	ATO-W NAS Policy & Services Planning Data Release Review Support	9/29/2010
Systems Engineering	Weather Impact Traffic Index	9/29/2010
Systems Engineering	AJF-4 Financial Analysis and Cost Database Development/Maintenance Support	9/29/2010
Research and Mission Analysis	PM Support Services for Weather Technology in the Cockpit (WTIC) Human Factors Research Activities	9/28/2010
Systems Engineering	Verification and Validation (V&V) Support	9/28/2010
Systems Engineering	NextGen Facilities Business Case/Economic Analysis	9/27/2010
Systems Engineering	NextGen Facilities Service Risk and Enterprise Architecture	9/24/2010
Systems Engineering	Capital Investment Plan/ Capital Investment Team/ National Airspace System Benefits Assessment Support	9/23/2010
Systems Engineering	Airborne Laboratories	9/22/2010
Systems Engineering	Flight Object	9/21/2010
Systems Engineering	Operational Concept Technical, Engineering, and Benefits Evaluation Support	9/21/2010
Systems Engineering	Program Support for NextGen & Operations Strategic and Business Planning Activities	9/21/2010
Systems Engineering	NAS Enterprise Information Security System SE/CRD Support	9/20/2010
Research and Mission Analysis	Operational Concept Development	9/20/2010
Systems Engineering	NextGen Demo Planning & Assessment Support	9/20/2010
Systems Engineering	PM Support for Weather Technology in the Cockpit	9/17/2010
Systems Engineering	Global benchmarking; strategic and business planning; and performance analysis	9/16/2010
Systems Engineering	NAS Systems Engineering and Enterprise Architecture Tool Support	9/15/2010
Research and Mission Analysis	Oceanic Tactical Trajectory Management/International Air Traffic Interoperability	9/15/2010

## 2020 Task Order Awards FY10

---

Initiative Support		
<b>Systems Engineering</b>	Final Approach Runway Occupancy Signal (FAROS) - System Engineering & Technical Services Support	9/15/2010
<b>Systems Engineering</b>	NAS Engineering & Enterprise Architecture	9/14/2010
<b>Research and Mission Analysis</b>	NextGen Collaborative Air Traffic Management Fast Time modeling	9/14/2010
<b>Research and Mission Analysis</b>	NASPAC Software Development - FY10 Phase A	9/14/2010
<b>Systems Engineering</b>	AJP Website Development and Support	9/14/2010
<b>Systems Engineering</b>	Oceanic Tactical Trajectory Management/International Air Traffic Interoperability Initiative Support	9/10/2010
<b>Systems Engineering</b>	ATO Future Schedules	9/1/2010
<b>Systems Engineering</b>	Program Support for NextGen Business Case Integration	8/1/2010
<b>Systems Engineering</b>	Low Cost Ground Surveillance Pilot Program Engineering	7/1/2010
